

Hanine BENDIAB

Data x AI x Marketing - Schedule: 4 days/1 day

Paris, France | +33 7 67 43 21 42 | haninebendiab@hotmail.com | [LinkedIn](#)

Portfolio: <https://hbendiab.github.io>

SUMMARY

Master's student in Data & AI (Eugenia School) specializing in marketing. Close to four years of apprenticeship experience: campaign coordination with the lead agency and the media-buying agency (SNCF), campaign management, segmentation and personalization on a base of 30,000+ customers (Arval). Legal grounding (two-year university law degree).

PROFESSIONAL EXPERIENCE

Relationship Marketing Project Manager - Work-Study | Arval (BNP Paribas), Paris | Sept. 2025 - Present

- Management of B2B relationship marketing campaigns (30,000+ customers) and A/B tests (emails, newsletters): retention, segmentation, personalization and product launches via Oracle Eloqua.
- KPI analysis (open rate, click-through rate, engagement) and monthly/annual reporting through dashboards and slide decks; conversion lever optimization and website analysis (Piwik).
- Creation and updating of customer-facing materials (banners, sales documents and emailings)

Corporate Advertising Assistant - Work-Study | SNCF Group, Paris | Sept. 2024 - Aug. 2025

- Management of the European Heritage Days 2025 digital campaign: brief, production, multi-channel rollout and performance analysis, coordinating the lead agency and the media-buying agency.
- Media audience analysis, reporting (5 Group entities) and strategic recommendations for internal decision-makers.

Technical Assistant - Work-Study | Groupe Confiance (Real Estate Development) | Sept. 2022 - Aug. 2024

- Operational coordination of new-build property handovers: scheduling, subcontractor management, customer relations and implementation of an after-sales tracking system (outstanding items, interventions, Excel reporting).
- Tailored customer support throughout the home customization process.

EDUCATION AND SKILLS

Master 1 Data Marketing & AI - Eugenia School, Paris (2025-2026) | Python, SQL, Dataiku, Power BI, N8N, Make, Dust

Bachelor in Brand Communication - Sup de Pub, Paris (2024-2025) | Adobe Suite, Canva, WordPress, Figma

BTS in Small Business Management (2022-2024) - **DEUG in Law** (2019-2021) | Advanced Microsoft Office

Other tools: Oracle Eloqua, Google Analytics, Tableau, HTML/CSS, ChatGPT, Claude, Midjourney, Sora, Phantombuster

Dataiku Certification: Dataiku (DSS) certification: data preparation, pipelines, advanced analytics.

LANGUAGES AND INTERESTS

French (native) | English C1 | Arabic (basics) | Italian (basics) / **Hobbies:** anthropology, sewing, AI

PROJECTS AND ACHIEVEMENTS

3x hackathon finalist

Dust - Michi: Mental health platform with intelligent user/therapist matching; marketing strategy, freemium business model, pitch deck and go-to-market.

Payfit : Automated SEO pipeline (market monitoring → writing → LinkedIn publishing) with no human intervention, indistinguishable from human-written content (14.5/15); SaaS interface with an employee cost calculator.

Miraki: End-to-end Talent Intelligence: 7,293 profiles collected (Phantombuster + n8n), GPT-4o-mini scoring, market monitoring across 12 companies, Vercel dashboard — €126/month, ten times cheaper than Greenhouse.
